INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Children's Dream Fund, Inc.:

We have audited the accompanying statements of financial position of **Children's Dream Fund, Inc.** (the "Organization") as of December 31, 2017 and 2016, the related statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

A S S U R A N C E D I M E N S I O N S

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Children's Dream Fund, Inc. as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note A – Organization and Description of Business

The Children's Dream Fund, Inc. (the "Organization") is a nonprofit organization incorporated in the State of Florida on December 9, 1981. It was created with the single purpose of fulfilling dreams for children on the West Coast of Florida. The Organization grants dreams to children between the ages of three and eighteen who have been diagnosed with a life-threatening medical condition. In 2001, the Organization changed its name from Suncoast Children's Dream Fund, Inc. to the Children's Dream Fund, Inc.

The Organization granted its first dream in 1981 and has granted nearly 3,000 dreams through December 2017.

Note B – Significant Accounting Policies

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

In accordance with authoritative guidance, the Organization is required to report information regarding its financial position and activities according to three net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets – Net assets representing assets generated from operations that are not subject to donor imposed stipulations.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that must be maintained permanently by the Organization. Generally, the donors of these assets permit the use of all or part of the income earned on related investments for general or specific purposes.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful lives of property and equipment, split-interest agreements, investments, valuation of contributions receivable, accrued pending dream costs, and whether an allowance for uncollectible contributions receivable is required. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Children's Dream Fund, Inc.

Notes to Financial Statements

December 31, 2017 and 2016

Note B – Significant Accounting Policies (continued)

Discount on Pledges Receivable

Pledges receivable are discounted at the time the receivable is initially recognized at an effective interest rate of 5%. The discount is amortized to contribution revenue over the life of the receivable. Unamortized discounts were approximately \$3,500 and \$4,700 at December 31, 2017 and 2016, respectively.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value with gains and losses included in the statement of activities. Investment incomes and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the incomes and gains are recognized. Income from investments is reflected net of related expenses.

Fair Value Measurement

The Organization categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement. Assets and liabilities valued at fair value are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The Organization has adopted the provisions of ASC Topic 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 also establishes a framework for measuring fair value and expands disclosures about fair value measurements.

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note B – Significant Accounting Policies (continued)

The Organization follows the provisions of ASU 2009-12 for certain investments in funds that do not have readily determinable fair values. This guidance amends ASC Topic 820 and allows for the estimation of fair value of investments for which the investment does not have a readily determinable fair value using Net Asset Value (NAV) per share or its equivalent. NAV, in many instances, may not equal fair values that would be calculated pursuant to ASC Topic 820.

The following table presents the placement in the fair value hierarchy of assets and liabilities that are measured at fair value on a recurring basis at December 31, 2017 and 2016:

	<u>Fair Value Measurements at Reporting</u>	
	<u>Date Using:</u>	
	Assets Measured	
	at Fair Value at	
	12/31/2017	(Level 1)
Cash and cash equivalents	\$ 90,463	\$ 90,463
Mutual funds:		
Domestic equity	699,142	699,142
International equity	106,956	106,956
Fixed income	330,592	330,592
Real estate	104,404	104,404
Other	15,139	15,139
	<u>\$ 1,346,696</u>	<u>\$ 1,346,696</u>

	<u>Fair Value Measurements at Reporting</u>	
	<u>Date Using:</u>	
	Assets Measured	
	at Fair Value at	
	12/31/2016	(Level 1)
Cash and cash equivalents	\$ 40,475	\$ 40,475
Mutual funds:		
Domestic equity	650,650	650,650
International equity	73,636	73,636
Fixed income	271,060	271,060
Real estate	108,444	108,444
Other	10,752	10,752
	<u>\$ 1,155,017</u>	<u>\$ 1,155,017</u>

The Organization's accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. There were no significant transfers into or out of Level 1, Level 2, or Level 3 for the years ended December 31, 2017 and 2016.

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note B – Significant Accounting Policies (continued)

Allocation of Investment Strategies

In addition to traditional stocks and fixed-income securities, the Organization may also hold shares or units in traditional institutional funds as well as in alternative investment funds involving hedged strategies, private equity, and real asset strategies. Hedged strategies involve funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short. Funds with hedged strategies generally hold securities or other financial instruments for which a ready market exists and may include stocks, bonds, put or call options, swaps, currency hedges, and other instruments, and are valued accordingly. Private equity funds employ buy-out and venture capital strategies and focus on investments in turn-around situations. Real asset funds generally hold interests in public real estate investment trusts ("REITs") or commercial real estate through sole-member entities. Private equity and real asset strategies, therefore, often require the estimation of fair values by the fund managers in the absence of readily determinable market values. Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used had a ready market existed, and the differences could be material. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales price, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held. Moreover, the fair values of the Organization's interests in shares or units of these funds, because of liquidity and capital commitment terms that vary depending on the specific fund or partnership agreement, may differ from the fair values of the funds' underlying net assets.

The following schedule summarizes investment income for the years ending December 31, 2017 and 2016, respectively:

	2017			Total
	Unrestricted	Temporarily restricted	Permanently restricted	
Dividends and interest	\$ 18,227	\$ -	\$ -	\$ 18,227
Unrealized gains/(loss)	96,245	-	-	96,245
Realized gains	77,483	-	-	77,483
Total investment income	\$ 191,955	\$ -	\$ -	\$ 191,955

	2016			Total
	Unrestricted	Temporarily restricted	Permanently restricted	
Dividends and interest	\$ 19,695	\$ -	\$ -	\$ 19,695
Unrealized gains/(loss)	27,799	-	-	27,799
Realized gains	35,715	-	-	35,715
Total investment income	\$ 83,209	\$ -	\$ -	\$ 83,209

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note C – Property and Equipment

Property and equipment and related accumulated depreciation consisted of the following as of December 31:

	2017	2016
Furniture and equipment	\$ 10,849	\$ 10,849
Computers	13,380	13,380
Sign	771	771
Total	25,000	25,000
Less: Accumulated depreciation	(24,622)	(23,952)
Property and equipment, net	\$ 378	\$ 1,048

Depreciation expense totaled \$670 and \$790 for the years ended December 31, 2017 and 2016, respectively.

Note D – Donated Services and Facilities

In accordance with ASC Topic 958, *NPO Entities*, the value of donated use of facilities and donated services that require specialized skills that would have been purchased if not donated are reflected in the accompanying financial statements. Donated use of facilities is recorded at fair rental value during the period of use, since the free use of facilities is not promised for a specified period of time. These recorded donated services and facilities for the years ended December 31, 2017 and 2016, consisted of:

	2017	2016
Printing services	\$ 3,500	\$ 1,200
Office space and parking	73,700	73,700
	\$ 77,200	\$ 74,900

In addition, a number of other volunteers have donated significant amounts of their time to the operations of the Organization. However, they are not reflected in the accompanying financial statements, since they do not meet the criteria for recognition under ASC Topic 958.

Note E – Operating Lease

The Organization leases office facilities and equipment under a cancelable operating lease on a month-to-month basis. The lease can be terminated upon thirty days prior written notice by either party to the non-terminating party. Rent expense for the years ended December 31, 2017 and 2016 was \$91,497 and \$91,497, respectively, which includes donated office space and parking of \$73,700 and \$73,700, respectively (see Note D).

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note F – In-Kind Contributions

The majority of in-kind contributions consist of donations to fulfill children's dreams. In-kind contributions are recorded as both revenue and expense, based upon the donor's estimate of the fair market value of services or items provided. In-kind contributions for the years ended December 31, 2017 and 2016, amounted to \$367,844 and \$356,526 respectively, and are included in the Statements of Activities and Statements of Functional Expenses.

Note G – Beneficial Interest

In 2005, the Organization entered into a non-revocable agreement to transfer and assign assets in the amount of \$10,000 to the Community Foundation of Tampa Bay, Inc. (the "Foundation"). Its purpose is to establish a permanent, designated endowment fund that directly benefits the Organization. Any person may make an irrevocable gift to the Foundation as an addition to the fund. Each year, the Organization may make a grant request from the Foundation, not to exceed 7% of the fair market value of the fund as of January 1st of said year, from the fund based on the average annual total return. Total return is defined as income plus or minus realized and unrealized capital gains or losses earned by the investment of the assets of the fund. There will be no grants from the principal of the fund. The fair market value at December 31, 2017 and 2016 was \$18,022 and \$15,701, respectively.

Note H – Permanently Restricted Net Assets

Permanently restricted net assets represent a memorial donation of \$23,520. The donation is invested in a certificate of deposit and is reported as a restricted investment on the statements of financial position. The interest earned on the donation is used to fulfill the dreams of children with life-threatening illnesses.

Note I – Concentrations of Credit Risk

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash, cash equivalents and investments. The Organization places its cash and investments with high credit quality financial institutions and generally limits the amount of credit exposure to the amount of the FDIC Insurance coverage limit of \$250,000. From time to time throughout the year, the Organization's cash balances may exceed the amount of the FDIC insurance coverage.

Note J – Retirement Plan

In 2007, the Organization agreed to provide retirement benefits to its employees through a simplified employee pension plan. Eligible employees have met all of the following requirements: have worked for the Organization in at least one of the last five years, have reached age 21, and have received the minimum compensation requirement. The Organization may make discretionary contributions each year, up to 25 percent of eligible compensation. Contributions to the plan during the years ended December 31, 2017 and 2016 were \$20,780 and \$25,701, respectively.

Children's Dream Fund, Inc.

Notes to Financial Statements December 31, 2017 and 2016

Note K – Risks and Uncertainties

The Organization invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Organization's account balances and the amounts reported in the statements of financial position.

The Organization receives the majority of its support through contributions and in-kind contributions. Should these contribution levels decrease, the Organization may be adversely affected.

Note L – Subsequent Events

On May 7th, 2018 the Landlord provided notice that the Children's Dream Fund, Inc's offices will be relocated to the 4th floor of the same building shortly after 60 days of this notice. There are no other changes to the lease dated September 1, 2015.

Subsequent events have been evaluated through July 2, 2018, which is the date the financial statements were available to be issued.

July 3, 2018

To the Children's Dream Fund, Inc.

We have audited the combined financial statements of Children's Dream Fund, Inc. for the year ended December 31, 2017, and have issued our report thereon dated July 2, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 9, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Children's Dream Fund, Inc. are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Standards Update (ASU) 2015-12, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy

ASU 2015-07, a three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

ASU 2014-15, requires management to assess a company's ability to continue as a going concern and to provide related footnote disclosures in certain circumstances.

Accordingly, the accounting changes have been retrospectively applied to prior periods presented as if the policies had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the combined financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the combined financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the combined financial statements was:

Management's estimate of year end cost on uncompleted contracts in excess of billings. We evaluated the key factors and assumptions used to develop the cost on uncompleted contracts in excess of billings in determining that it is reasonable in related to the combined financial statements taken as a whole.

The combined financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the combined financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate to the combined financial statements taken as a whole. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the combined financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the combined financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 2, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's combined financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the combined financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the combined financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the combined financial statements or to the combined financial statements themselves.

This information is intended solely for the use of the shareholders of Children's Dream Fund, Inc. and management of Children's Dream Fund, Inc. and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
